PROFILE SNAPSHOT

- Dynamic Full Stack Developer with 2+ years of experience in crafting scalable and robust applications using a variety of programming languages and technologies
- Proven track record in developing dynamic web and mobile applications, managing databases, and deploying solutions on cloud platforms
- Adept at front-end and back-end development, committed to implementing efficient, high-quality software solutions
- Committed and eager to contribute technical expertise and problem-solving skills in a challenging role to drive innovation and efficiency

PROFESSIONAL EXPERIENCE

IT Career Switch, United Kingdom   **Nov 2022 – May 2024**
Full Stack Developer

- Developed secure, high-performance back-end APIs to enhance system functionality
- Engineered and deployed pixel-perfect front-end applications, integrating complex APIs for seamless user experiences
- Revamped the existing applications by identifying and rectifying the areas needing improvement to optimize performance

Achyut Labs Pvt. Ltd, India   **Jan 2021 – Jun 2021**
Web Developer

- Led the design and implementation of dynamic email templates and improved client communication strategies
- Built and launched a sophisticated company website, employing modern web technologies to elevate brand presence
- Revitalized legacy PHP web architectures, enhancing functionality and user engagement through Vuetify and Vue.js
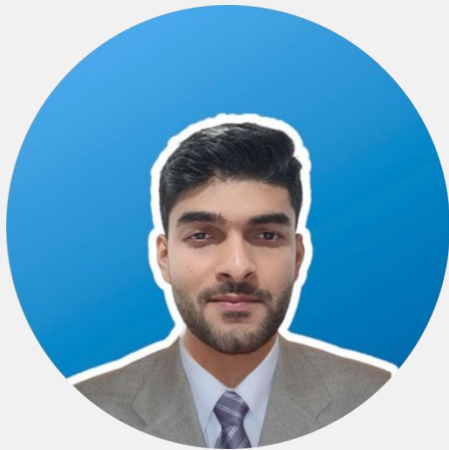

PROJECTS

Company Directory | Apr 2024 – May 2024

- Managed comprehensive records of personnel, departments, and locations with solid data integrity checks
- Enabled advanced filtering to sort personnel data by department or location efficiently
- Facilitated user interactions with an interface for adding, updating, and deleting records, ensuring dependent data integrity
- **Technologies:** PHP, jQuery, JavaScript, Bootstrap 5, HTML, CSS, SQL

Gazzetteer | Mar 2024 – Apr 2024

- Enabled intuitive selection of countries from a dropdown for exploration
- Developed a feature to determine automatically and display the user's current country if location permissions are granted
- Provided icons for instant access to detailed information such as demographics, economic data, and cultural holidays of the chosen country
- Highlighted the 10 most prominent cities within the selected country on the interactive map
- Delivered smooth and engaging animations when transitioning between countries
- **Technologies:** PHP, jQuery, JavaScript, Bootstrap 5, HTML, CSS

FUNCTIONAL SKILLS

- Web Development
- App Development
- Database Management
- Cloud Computing
- Software Deployment
- Code Review
- Performance Optimization
- Project Management

TECHNICAL SKILLS

Programming Languages
- JavaScript, Java, PHP, Kotlin

Web Technologies
- React, Vue.js, Node.js, HTML, CSS

Mobile Development
- Java (Android), Kotlin (Android)

Database Technologies
- MySQL, MongoDB, Firebase

Cloud Platforms
- AWS, Google Cloud

Development Tools
- Android Studio, Git

Miscellaneous Tools
- Excel

SOFT SKILLS

- Leadership
- Management
- Effective Communication
- Adaptability
- Problem-solving
- Team Collaboration

EDUCATION

Master of Science (Computing),
Griffith College,
Ireland, 2022 - 2023

Bachelor of Engineering (Computer Engineering),
Gujarat Technological University,

India, 2017 – 2021

CERTIFICATION

- Full Stack Engineering, Codecademy, 2024
- Web Developer Bootcamp 2023 by Colt Steele, Udemy,2023
- Complete Android 12 & Kotlin Development Masterclass, Udemy,2024
- Modern React with Redux by Stephen Grider, Udemy, 2021
- NodeJS - The Complete Guide (MVC, REST APIs, GraphQL, Deno) by Maximilian Schwarzmüller, Udemy, 2021

Tweeter Clone | Apr 2023 – May 2023

- Developed and deployed a scalable Twitter-like application with high functionality and user engagement
- Implemented secure authentication and user management using Firebase Auth
- Enabled features for real-time tweet posting and user interactions, with support for multimedia content
- Recognized for technical excellence with top marks (97 marks) in project evaluation
- **Technologies:** Google Cloud Engine, Python, Flask, JavaScript, CSS, HTML, Firebase
